

CARLISLE NATURAL HISTORY SOCIETY

MEMBERS LIBRARY : CATALOGUE.

The library is available to all members of the Society and requests to see any of the items listed below should be via the Keeper of Natural Sciences. The collection has developed primarily through donations by members of the Society with occasional purchases. There is a separate Departmental Collection of books and literature, not listed here, but which may be used for reference and identification purposes. Individual papers, written for the Transactions of the Carlisle Natural History Society (TCNHS), have been included in this catalogue for the convenience of members.

ARRANGEMENT

The catalogue is arranged in broad subject areas. There is some duplication as appropriate but limited in extent. In certain cases titles or publishers have been truncated but there is also a handwritten catalogue with more detailed bibliographical information. The abbreviation (P) denotes a pamphlet or re-print.

The Subject Headings used are as follows :- Africa, Agriculture and Forestry, America (North), America (South), Antarctic, Birds, Ecology, Europe (Not U.K.), Far East and India, Ferns, Fish, Flora, Fungi, General, Geology, Himalayas and China, Insects, Invertebrates, Local History, Mammals, Marine, Middle East, Mosses Lichens and Liverworts, Natural History and Naturalists, Pacific and Australasia, West Indies.
